

MINISTER KILLED ON
DEXTER-BERNIE ROAD

The Reverend C. O. Fitzpatrick, pastor of the Nazarene Church at Dexter, was killed between 11:30 and 12:00 o'clock Wednesday morning on the Dexter-Bernie highway, when a car, driven by an unknown man, hit him and dragged him about forty feet.

The body was badly mangled and half the skull was crushed. According to an eye-witness, interview by The Standard in Sikeston Thursday morning, Rev. Fitzpatrick had stopped his car for water on the east side of the road, about five miles north of Bernie. He had dipped some water from the ditch at the side of the road where his car was parked, and was standing by the radiator watering it, when the stranger's car came on at a pretty rapid rate.

The man interviewed, who was walking on the west side of the road about 100 yards ahead, says that as the car came toward him, he jumped the ditch to avoid being run over. Afterwards, he recrossed to the road and found the Rev. Fitzpatrick's body lying on the west side of the road about forty feet north of where his hat lay near the car on the east side. He was presumably dragged this distance.

The body was taken to Dexter where an inquest was held. A man, thought to be the driver in the car, was taken over in Cairo yesterday afternoon. He has not been definitely identified. The eye-witness says that as far as he could tell, the car which caused the death, was a Hupmobile coach.

Burial of Rev. Fitzpatrick will take place at two o'clock on Friday, probably at Dexter. He is survived by his wife and three children.

PLAN COUNTY BASKET-
BALL TOURNAMENTS SOON

Basketball meets of various county high school teams are being planned for the latter part of February by the principals. Boys' teams will contest February 27 and 28 as follows: Dunklin County schools at Clarkton, New Madrid County schools at Portageville and Scott County schools at Morley. Owing to the lack of a practice court in Sikeston, the local players are not yet decided as to whether the Sikeston school will be represented.

A Southeast Missouri girls' basketball tournament will be held at Morehouse March 6 and 7. Sikeston will probably not be represented.

C. OF C. ELECTION OF
OFFICERS POSTPONED

The election of the Chamber of Commerce officers for the coming year was postponed to the night of February 17, at the meeting Monday night. Although a quorum was present at this meeting at which officers were to have been named, those there decided that a large and more representative group should vote.

A special effort will be made to get the crowd out next Tuesday night. Various other attractions cut down the attendance Monday night.

CITY COUNCIL'S REGULAR
SESSION TO MEET MONDAY

The City Council will meet in regular session Monday night. The extra called for last Monday morning was not well enough attended to permit of any action. Additional boulevard stops and tax revisions will be the chief subjects up for discussion this week.

FORMER EMPLOYEE ASKS
\$2500 OF ICE COMPANY

Poplar Bluff.—A personal injury suit against the Poplar Bluff Ice and Fuel Co., was filed yesterday by Charles Dixon, former employee. He asks \$2500 damages. Dixon alleges that while working for the corporation, on December 6, 1924, a 300-pound cake of ice fell on his feet, crushing them.

— BEING SENSIBLE —

Just what is meant when Montgomery Ward and Sears, Roebuck & Co. tell you "Buy at a Saving?" Do you buy better goods at a less price? Do you buy the same goods at a less price? And are you as satisfied with goods purchased from a beautiful picture and a vivid description as you are when you inspect the merchandise over our counters. We are not going to answer these questions for you in print but we will prove our contention this way:—Read this list of only a few comparative prices that we lay before you as cheap or cheaper than those of the above mentioned firms or any other mail order houses. Isn't it plain that you can save as much or more in Sikeston from your home town merchant?

MATCH HERE MAR. 27SUPT. ELLISE URGES
VACCINATION BE DONE

The Sikeston public school teachers and management are urging that parents of all children, who have not been vaccinated, have it done immediately. Neighboring towns are suffering visitations of smallpox.

Supt. Roy V. Ellise says that until about a year ago Sikeston students were in the main vaccinated, but due to the presence of many newcomers in town no estimate of vaccinations can be made.

No definite date has been set for the children showing scars, but some check on the means of prevention and for immunity will be made soon.

To Luncheon at Lilbourn

Mrs. R. E. Wylie of Lilbourn was hostess at a 1:00 o'clock luncheon Monday to a number of Sikeston friends, who drove down with Mrs. Bettie Mathews. The following went with Mrs. Mathews: Mrs. Will H. Sikes, Mrs. Ralph Anderson, Mrs. Ranney Applegate and Mrs. T. A. Wilson.

Rev. S. P. Brite was called to De Soto, Mo., this week, to conduct the funeral of Mrs. Ferdinand Schmitz.

DAUGHTERS ENTER-
TAIN FOR MRS. TANNER

Mrs. John L. Tanner was the honor guest at a surprise party given for about fifty friends on Tuesday afternoon by her daughters, Misses Myra and Burnice Tanner and Mrs. Randolph Wilson. The affair was held at the Tanner home on North Kingshighway and was in honor of Mrs. Tanner's birthday.

Contests of various kinds furnished the entertainment of the afternoon. In a bean bag throwing contest, Mrs. Emma Kendall and Mrs. A. B. Skillman, Mrs. Skillman winning in the throw-off. The prize was a box of beans.

In the paper wadding contest, Mrs. J. N. Sheppard won the prize, two packages of chewing gum. In the cross-word puzzle contest, Mrs. Kate Greer won a fancy powder puff.

Dancing and singing old songs were the program of the remainder of the afternoon. Refreshments of cherry pie with whipped cream, salted almonds and coffee were served. Mrs. Tanner received a number of gifts.

Out-of-town guests included Mrs. Maggie Lillard of Columbus, Ky., Mrs. I. H. Dunaway of Morehouse and Mrs. S. B. Hardwick, of Bertrand.

MAXIMUM PENALTY TO
CHARLESTON BOOTLEGGER

Charleston, Feb. 10.—The maximum penalty provided by law was meted out to a defendant in a liquor case by a jury in circuit court here Monday, the first case tried at this term.

Everett Brockaw, restaurant proprietor of Anniston, charged with having possession of five one-pint bottles of whisky in his combination soft drink stand and poolroom, was found guilty by a jury and his punishment fixed at a \$1000 fine and a year in jail, the maximum fixed by law for an offense of this nature.

Brockaw was arrested last November by county and township officers.

LOCAL MASONIC TEAM
GOES TO BLODGETT

A degree team of Sikeston Masons consisting of John Fisher, Loomis Mayfield, J. H. Hayden, M. E. Montgomery, Earl Pace and H. E. Dudley went to Blodgett Tuesday night to confer the first Masonic degree upon a Blodgett member.

H. W. Hebbeler spent last week in New Madrid and Portageville on business.

Mrs. C. P. Chapman and Mr. and Mrs. Owens of East Prairie visited with Mrs. J. R. Thurmond and Mrs. C. B. Watson last Thursday.

LEGION DANCE
WAS WELL ATTENDED

About 225 people attended the American Legion dance at the Armory Hall Monday night, at which Sacco's Peacock Band played. According to H. W. Hebbeler, admission was sold to 96 couples and a large number of stags.

This was one of a series of dances put on by the legion this winter. This coming Monday night, another dance is planned with music by the Georgia Serenaders of Atlanta. This is a return engagement of the Southerna jazz artists and is being looked forward to by many of Sikeston's young people. The following Monday night, the Egyptian Serenaders of Cairo have been obtained for another dance.

The Legion has in view eventually to build some sort of community amusement hall or dancing pavilion with the proceeds from these dances.

Mr. Hebbeler says at present the local post is planning to use these funds towards the erection of a flag pole opposite the Hotel Marshall, where the old one has been broken.

According to the committee good order, a good tune and a good crowd marked the dance Monday night. The Legion is to be complimented on giving Sikeston players of the "light, fantastic toe" opportunity to have wholesome amusement. One of the musicians remarked on the excellent behavior of the large crowd.

A number of persons from neighboring towns were present. A complete list of these could not be obtained. The following were her: Sharon Pate and L. P. Adams of Caruthersville, Mr. McClinton and Richard Behrens of Cape Girardeau, Mr. and Mrs. J. Himmelberger of Morehouse; Jack Lair, Ed Coon and George Marable of Charleston.

POULTRY FLOCK LAYS
900 EGGS IN 9 DAYS

Mrs. C. B. Watson, who has an exceptionally fine flock of purebred white leghorns, established a new record last week. During the first nine days of February her 212 hens laid 900 eggs, averaging 100 eggs a day. Figuring loosely each hen lays about an egg every other day or in fractions manufactures half an egg every day. On Monday of this week she gathered 115 eggs from the flock.

Mrs. Watson attributes her flock's production success to the excellent poultry stock she has. She owns twelve pedigree roosters, which were imported from England and for which she paid \$20 each.

The news of the arrival of a baby daughter to Mrs. Wm. E. Payne at Georgetown Hospital, Washington, D. C., gives the editor and wife the sixth grandchild. May these babes all grow up to be an honor to their forebears and to the communities in which they live, is the wish of their grandparents.

A grand jury is to be called this week in Mississippi County to investigate the death of a negro for attempted criminal assault on a young white woman. We'll miss our guess if there won't be a lot of men who were deaf, dumb and blind on this eventful occasion, when called before the grand jury. This investigation is a waste of public money as the hanging of the negro was the proper course under the circumstance.

At last all charges against T. W. Anderson for transporting a typewriter and adding machine loaned him, from Jefferson City to his home in Commerce, have been settled by an acquittal. This has been a case of persecution from the start by Republican politicians of the State. No one, Republican or Democrat, in this section has ever believed Tillman Anderson was guilty of any intentional wrong when he brought these machines from the State Labor Bureau at Jefferson City to finish up some private work at his home.

Sikeston gins have baled in the neighborhood of 12,000 bales of cotton to date and with good weather the balance of the crop will be picked in ten days. The first of December found the cotton situation anything but satisfactory, but with the heavy freeze followed by warm rains the bolls opened sufficient to permit of gathering and since that time, enough cotton has been picked to make it a very paying crop. With judicious planting this spring the farmer has a fair outlook for profit in 1925.

Great preparations are on

foot to make the coming fair the best ever. Secretary Blanton is in correspondence with the largest carnival companies on the road and with the best free attractions to be secured. At this time the Directors are unable to give a line-up on the racing program, whether it will be a straight running program or mixed with both running and harness events. The Directors hope enough of our live farmers will put out special farm plots to give us the same big farm display as heretofore, and now is the time to lay such plans.

The editor of The Standard wishes to compliment the American Legion boys for the splendid dances they have been giving at the Armory. They have appointed a committee whose duty is to see that order is maintained and this thing alone has been the reason that so many out-of-town people have been patronizing these dances, as they can attend, knowing that young men who are in the habit of drinking, will not be permitted the privilege of the dance floor. Good music and good order will prevail as long as the Legion is in charge of the dances.

It is a long time before another election for county officers rolls around, but just the same several prospective candidates for the different offices are shaking hands. The Standard believes the Democratic County Committee should take a hand in the next election by frowning on a field full of candidates for any of the offices. It was soreness within the party that lost several offices at the late election and not because the Republicans had better men for the places. We are in hopes there will be no fight in the primary for any offices and if such is the case, the Democrats will fill every office to be filled at the 1926 election.

COOLIDGE MAY ATTEND JOURNALISM WEEK

VICE PRESIDENT CANDIDATE PASSES THRU CAIRO

Columbia, Mo., February 9.—More than the usual significance to newspaper and advertising men and women will be attached to the Sixteenth Annual Journalism Week of the School of Journalism of the University of Missouri to be held here May 4 to 9.

A new aspect will be introduced if President Coolidge definitely accepts an invitation to address visiting writers, publishers and allied workers, as well as students in the world's oldest school of journalism. It will be the first time a president attended this event, which attracts leading editorial, press association and advertising figures of the country each year.

The President indicated that he was favorably inclined and declared he would take the matter under advisement, when asked to come here this spring by a committee which visited him in Washington. The committee included Walter Williams, dean of the school and president of the Press Congress of the World; Casper S. Yost, editor of the St. Louis Globe Democrat and president of the Society of Newspaper Editors; Senator Selden P. Spencer of Missouri; Frank P. Glass, editorial director of the St. Louis Star; James Wright Brown, editor of Editor and Publisher, New York, and Representative Harry B. Hawes.

Plans, now under way will call for a program embracing virtually all phases of journalism. Round table discussions will follow addresses by prominent men and women in such varied fields as metropolitan newspaper publishing; the small town daily; the country weekly newspaper; the agricultural press; class, trade and technical journals; newspaper advertising; merchandising plans; news gathering and distributing organizations; syndicate associations, and many others.

This year's gathering will be of particular interest to laymen as well because of certain newspaper problems that have arisen during and will, doubtless, come in for a share of discussion. The increased use of the radio with newspaper activity in broadcasting programs and the effect of "photographic telegraphy" are among the interesting subjects which will come up.

In connection with Journalism Week, there are held in Columbia, the annual conventions of the Missouri Writers' Guild and the Missouri Press Association. These bring together outstanding editors of the state and the various fiction writers residing in Missouri.

PROPOSE NEW STATE TAX ON CIGARETTES

Jefferson City, Feb. 9.—A state tax of \$2 would be levied against the sale of every 1000 cigarettes in the state, according to a bill being drawn up. The bill will be presented to the general assembly this week.

The resolution is being drawn by Attorney General Otto at request of Secretary of State Becker. Becker estimates the tax would produce more than 2 million dollars revenue in the state annually.

Collections of the tax would be made through the secretary of state.

Educator Speaks At Cape

The need for a concentrated action in giving Missouri children a fairer chance at education was stressed by Charles A. Lee, State Superintendent of Schools, speaking to Teachers' College students at Cape Girardeau recently. Lee's appeal made in an earnest manner, followed his reciting of educational conditions now existing in Missouri. He told students that nine-tenths of the State's children are not in a high school district. One thousand school districts of the State have an average attendance of 10 pupils in rural schools; over two-thirds of the State's rural schools do not have 25 students, this number being set by Lee as the lowest number for efficiency.

A golden ball of lightning, one of the rarest of Nature's displays, was seen recently near Frankfort, Germany. The man who saw it reports that golden rain seemed to break forth from the blue sky, then a globe of yellow light sailed on ahead, trailing luminous rays. A clap of thunder followed.

BRIDGE ON HIGHWAY AT CAPE COMPLETED SOON

Charles W. Bryan, Democratic candidate for Vice President at the last election, was in Cairo with his wife Saturday enroute to Miami, Fla., after a visit around his old home at Salem, Ill. Mr. and Mrs. Bryan were motorizing thru and spent the night here.

Gov. and Mrs. Bryan were guests at the Halliday. They took the 8:30 boat across the river. Securing a reservation at the hotel by wire, they found a vase of flowers in their room on their arrival. Gov. Bryan said that he was hunting for someone who voted for him last fall.—Cairo Citizen.

Come to Sikeston, Charlie. There are lots of 'em around here, and we'd do it again.

ANDERSON ACQUITTED OF THEFT CHARGE

Jefferson City, February 10.—Former State Senator Anderson, dean of the school and president of the Press Congress of the World; Casper S. Yost, editor of the St. Louis Globe Democrat and president of the Society of Newspaper Editors; Senator Selden P. Spencer of Missouri; Frank P. Glass, editorial director of the St. Louis Star; James Wright Brown, editor of Editor and Publisher, New York, and Representative Harry B. Hawes.

Plans, now under way will call for a program embracing virtually all phases of journalism. Round table discussions will follow addresses by prominent men and women in such varied fields as metropolitan newspaper publishing; the small town daily; the country weekly newspaper; the agricultural press; class, trade and technical journals; newspaper advertising; merchandising plans; news gathering and distributing organizations; syndicate associations, and many others.

This was the third trial of the case, the jury failing to agree in the two previous trials. Anderson testified an adding machine and other State property found at his home in Commerce had been borrowed by him from one of the State departments at the Capitol, during the 1923 session of the Legislature. He produced correspondence relative to borrowing the property at each of the trials.

POPLAR BLUFF WOMAN SUES FOR DIVORCE

Charging that her husband is guilty of vagrancy and further that he deserted her and her 4 small children, Mrs. Jennie French has filed suit for divorce from her husband, D. L. French, to whom she was married July 5, 1912. Besides the decree she asks \$40 alimony and the custody of her children.

U. D. C. MEETS SATURDAY WITH MRS. VEITH HOSTESS

The local chapter of U. D. C. will meet with Mrs. Josephine Veith at the home of Mrs. Fanzie Greer at 2:30 Saturday afternoon. Mrs. Bill Foley will assist Mrs. Veith as hostess. Mrs. J. W. Kimes will conduct the program for the afternoon.

FREE YOUR POULTRY OF ALL PARASITES

with this guaranteed remedy, which is being introduced to all poultry raisers of this community by one of the leading stores.

This preparation is just added to the poultry's drinking water for a few days and in a short while all blue bugs, lice mites and stick-tight fleas disappear. Use it and avoid all dietary work, such as dusting, dipping or spraying.

This remedy is called "2 in 1" Lice and Mite Remover and, in addition to riding the poultry of blood-sucking insects, acts as a tonic and blood purifier. After using it the fowls take on new vitality, their combs become redder and their plumage brighter. It is a positive egg production increaser also.

Very economical—one bottle is sufficient to last the average flock all season. Price \$1.00. You run no risk of not being satisfied, because, if you find after using it 30 days, you are not entirely satisfied with the results, your money will be refunded. Sold at WHITE'S DRUG STORE, all other drug stores, grocery stores, feed and seed stores or sent direct by the "2 in 1" Poultry Supply Company, 712 Central Street, Kansas City, Mo.

LLOYD BUILDS 'MOVIE' TOWN

Among the big achievements in Frank Lloyd's production of "The Sea Hawk" was Camp Lloyd on the Isthmus at the northeast end of Santa Catalina Island, off the California coast. "The Sea Hawk" is a First National picture which will be at the Malone Theatre Monday and Tuesday, February 16 and 17.

Camp Lloyd sprang into being when the early sea scenes for the photoplay were being made. Sixty-five miles from Hollywood studios, forty miles from the harbor of San Pedro, the nearest source of supply, it consisted of 150 tents, each equipped with an electric light, a bureau and mirror, an iron hospital cot, two chairs and a supply of blankets a mess hall accommodating 700 men at one time and under the supervision of two former army commissary sergeants and eighteen assistants an assembly hall where nightly orchestral concerts, radio concerts, wrestling matches, boxing bouts and impromptu entertainments were given for the men; a make-up tent, a barber shop, a canteen, a hospital tent, a wardrobe building, a bathhouse, a film vault and an executive office.

Also an ocean pier had to be

constructed and at the seaward end of it a three story Algerian slave house with a high minaret had to be built. Three other Algerian buildings also were constructed for atmosphere.

The four ancient ships, ranging from 105 to 192 feet in length and manned by from 100 to 400 men each, were anchored in the cove-harbor. Two barges and four motor boats brought supplies daily from the mainland and every other day an aeroplane brought fresh film and prints of negatives exposed the day before.

For three weeks Camp Lloyd buzzed like an army cantonment, the 700 principals, extras, technicians and laborers rising at 5:30 each morning to army bugle calls and retiring at 10 each evening at the sound of "taps". Camp Lloyd was a picturesque village indeed each morning as the sun arose from the ocean in the East and cast its reflections upon galley slaves wearing abbreviated clothes and brownish orange grease paint upon their bodies, corsairs in chain mail and helmets and technicians in modern attire.

VACCINATION NECESSARY TO CHECK SMALLPOX

The prevalence of several cases of smallpox in the counties adjoining New Madrid County should be sufficient warning to the citizens of New Madrid and the citizens of the other counties who are not already victims. The only safeguard we have is vaccination against this dreaded disease and everyone who is not already immune should take heed an "play safe".

The New Madrid County Health Unit will vaccinate free of charge, anyone applying at the Health Department office for immunization.

NEGRO ATTACKER OF CHILD NOW IN JAIL

Sheriff J. H. Smith returned from Helena, Ark., Monday morning at 2 o'clock, having in custody Ollie Slay, the nigger who raped or attempted to rape, the eight-year-old daughter of Walter Petty at the Petty home two miles east of Steele on January 7, and lodged his prisoner in the county jail in this city. The sheriff left for his prisoner Sunday morning, driving to Hayti where he caught the early morning fast train, in response to a telegram from Sheriff J. D. May of Helena, stating that he had the nigger in jail. Some few days previous Sheriff Smith had placed the picture and description of Slay in the Commercial Appeal together with the offer of a \$100 reward for him locked up in any jail in the U. S. Slay was working for a farmer 16 miles west of Helena, who recognized the nigger from his photograph and description appearing in Memphis paper, took charge of him and delivered him to the Helena sheriff and received the \$100 reward offered by Sheriff Smith.

Sheriff Smith says that the prisoner admitted his guilt to him and asked him to protect him from violence, saying that if his crime merited hanging he wanted it done legally and by Sheriff Smith.

Yesterday he requested the sheriff to call the pastor of the colored Holiness church to the jail for spiritual comfort. The divine arrived at about 6 p. m. and prayed with Slay and preached a sermon to the 41 prisoners in jail but for the special benefit of Slay. At its conclusion Slay professed Christ and said his peace with God was established.

At the time of the dastardly crime, the nigger managed to elude the local officers and get out of this state, but the untiring energy and constant endeavor of Sheriff Smith had him behind prison bars in exactly one month. This incident, coupled with the splendid record made by our sheriff as a fugitive catcher during the ten years he served the people of this country as constable and deputy sheriff, should be sufficient to convince the accused of the futility of trying to elude capture by flight.

There now being little or no doubt concerning the guilt of the prisoner, since his admissions to Sheriff Smith, there is reason to believe the Court or the jury will deal out punishment commensurate with the enormity of his crime.

Sheriff Smith stated that Mr. Petty, father of the unfortunate child, called at the jail and talked with the prisoner yesterday and stated to the sheriff that he hoped no unlawful violence would be done the prisoner and that he desired the accused receive his punishment in a legal and orderly way.—Caruthersville Democrat.

RAILROAD OFFICIALS HERE TO IMPROVE SERVICE

C. C. Chapman, superintendent for this division of the Missouri Pacific, A. F. O'Hara, traveling freight agent, and S. E. Redlon, train master for the Missouri Pacific were in Sikeston Thursday morning looking over prospects of improving the company's service to Sikeston. At present a plan is on foot whereby the blind switch near the park will be changed and the switching tracks extended away from the main city crossings out toward the shoe factory.

Mr. O'Hara is making plans that will give Sikeston a 24-hour freight service out of St. Louis.

1000 TREES ORDERED FOR MEMORIAL PARK

According to A. A. Ebert, the Memorial Park has just arranged with a nursery in Vienna, Ill., for a shipment of 1000 trees which will be planted in the new cemetery as soon as the weather permits. The arrangements were made through J. H. Galeener, whose brother is connected with the Vienna Nursery.

Mr. Ebert says most of the trees will be Norway maples, which provide good shade and beautiful foliage. Flowers and shrubs will also be planted.

TO SELL OZARK IRON ORE CO. HOLDINGS SOON

Poplar Bluff, Feb. 11.—Prospects for the future of the defunct Ozark Iron Ore Co., in which a number of persons in Poplar Bluff, St. Louis, Kansas and other points lost heavily, are not bright, F. M. Kinder, receiver for the concern, has announced.

Kinder stated the land, constituting about 11,654 acres, probably would not bring enough to pay the accrued taxes amounting to \$4650 due on the property.

It was reported here today that a local body of business men, headed by W. L. Hooper, president of the defunct concern, would purchase the land when it is sold and renew mining activities. Whatever value it has is virtually all in the ores and timber, and the land is worth little for agricultural use.

A report of the liabilities and assets on file here shows the tract is subject to deeds of trust aggregating \$68,000.

Every Citizen of This Community Is a Prospective Customer of Your Place of Business

If you are selling merchandise or service of any nature in this community, ask yourself what percentage of the total population is at present patronizing your place of business.

If that percentage is too small, there is a reason.

We do not think there are any "sick" businesses in our town, but if the trade of merchants is not all that it should be, perhaps a tonic is needed.

We suggest the regular use of space in our advertising columns as a stimulant for any business that could conveniently wait upon a little more trade. Perhaps you could easily handle twenty-five per cent more business without increasing your "overhead." If that should be true, then the fact is obvious that it "stands you in hand" to hustle like a good fellow to add that much more trade to your volume.

If you are already an advertiser in these columns and still lack all the trade you feel entitled to, there may be opportunity for improving the general effectiveness of your advertising. Are you using enough space to make your ads "stand out"? Do you take sufficient time to prepare your copy painstakingly? Do you use cuts to attract and rivet attention? Lastly, do you QUOTE PRICES in your ads?

If your advertisements are convincing in respect to the desirability of your goods, then there is one more detail that prospective customers want to know—HOW MUCH IS THE PRICE?

Every citizen of this community is a prospective customer of your place of business. This paper enters the homes of a large majority of the people. We can carry your store news to all of them if you are interested in talking to the many who are not already your customers. Ask to see our cut and copy service. It may give you "heaps" of help."

MISSOURI INCOME TAX DECREASED LAST YEAR

BOOTLEGGER OVER TO CIRCUIT COURT

Washington, Feb. 8.—A Treasury report shows that the Federal income tax collections in Missouri for December, 1924, amounted to \$7,230,334, as compared with \$7,486,305 for the corresponding month of 1923.

In the main, the collections represented the fourth installment of the tax due on incomes for the calendar years 1923 and 1922, respectively. For the whole country, the December total was \$326,853,146 in 1924, as compared with \$336,332,834 in 1923.

HAYTI POSSE KILLS ESCAPED MANIAC

Jefferson City, February 10.—Theodore Gary of Kansas City, chairman of the State Highway Commission, this afternoon issued a statement that the commission was unalterably opposed to changing the law designating the routes for the 7640-mile State Highway system and increasing the mileage.

Gary made this comment in the course of a commission meeting here to approve bids and let contracts for construction of approximately \$1,000,000 worth of road and bridge work, on which bids were received recently.

"The commission feels that it is under a solemn pledge to complete the present road system within six more years," Gary said. "If the mileage is increased at the present time, there will be an increase demand for construction of highways on this additional mileage. Under no circumstances can the commission complete a program any greater than the one covered by the centennial road law passed in 1921."

School Administrators Hold Annual Meet

Columbia.—President Stratton D. Brooks of the University of Missouri characterized the work of education as "one big job", of continuous interest to those who once enter it, in an address to the members of the Missouri State School Administration Association, which recently held its annual convention here.

Reports to the convention by Prof. A. G. Capps of the University indicated that the high school enrollment in Missouri increased 115 per cent from 1913 to 1923, and that the grade school enrollment has seen a large increase.

696 Cases on Docket

The February term of the Dunklin County Circuit Court had 696 cases on its docket. Of that number 496 are tax cases and 53 are criminal.

Recently, when the county officers decided to take Shane prisoner again, it was learned that he was wearing a bullet-proof jacket. Sheriff J. Ham Smith fired two shots which hit the jacket and were deflected. When the Sheriff got a posse and went after Shane at that time, he appeared at his window with what they declared to be a machine gun, and threatened to kill them.

Yesterday Sheriff Smith and his seven companions went to the frame dwelling of Tobe Baird, where Shane was staying, and ordered all the occupants out. All went out but Shane. Baird was then told to tell Shane that if he did not surrender, the house would be fired into, and burned if necessary. Shane sent back word that he would die rather than to surrender. He then began firing from the windows with his so-called machine gun, which proved to be an automatic rifle. He fired repeated rounds, but the Sheriff and his men kept in sheltered places.

The Sheriff and his men fired with rifles and shotguns, breaking the windows. After a time the firing from the house ceased, and the officers thought possibly they had wounded Shane. Then three revolver shots were heard in the house, followed by silence. Just as the men outside were beginning to believe that Shane had shot himself, he began firing from another window. Evidently he had practiced a ruse to get his pursuers out of their shelter.

The firing on the house was resumed, and presently Shane came out and ran toward the railroad tracks. Several shots from the posse took effect in his body, and he was dead when the pursuers reached him.

Shane, who was a native of Near East, and who was usually described as a Turk, shot and killed his cousin, Seid Alaway, and Alaway's wife, in a fight in their rooms over a South St. Louis confectionery store June 16, 1923. A jury found him guilty of the crime but insane, and he was committed to the Sanitarium early in 1924.

His first escape from the institution was in May, and he went to Pemiscot County, where he was captured and taken back to the sanitarium.

The second escape, in the following month, ridding the sanitarium authorities of one of their greatest worries, was not followed by any determined attempt to obtain his return. The Probate Court here last September decided, in a hearing at which he was not represented, that he was of unsound mind, and the Public Administrator was named as guardian to administer a pension of \$80 a month, payable to him as a former soldier. He remained at liberty in Pemiscot County, under the ruling there which declared him sane.

The Phonograph that amazed Sikeston can be bought!

There is a rumor abroad that the instrument which triumphed in the drastic comparison test, made Wednesday evening, Feb. 4, at the Malone Theatre, was a special exhibition model. That rumor is false. The instrument was a regular Official Laboratory Model—out of our own stock.

Every Edison Phonograph in our stock is guaranteed to sustain the same test.

If you were one of those, in that audience, who wistfully exclaimed: "Wouldn't it be wonderful if I could buy a phonograph like that"—know that you can. Know that it will perform this miracle every day for you in your own home.

THE NEW EDISON PHONOGRAPH

Come in and hear for yourself the marvelous realism of the New Edison. Find out about our Budget Plan, which enables you to own a New Edison for a small down payment, the balance on a gentleman's agreement to suit your convenience.

Note:—The test at the Molone Theatre was made by Glen Ellison, the world-famous baritone. He compared his living voice with its RE-CREATION by the New Edison. There was no difference between the living voice and the RE-CREATED voice.

The New Edison stands absolutely alone in this great achievement; no other phonograph has ever sustained this test of comparison.

THE LAIR COMPANY SIKESTON'S MUSIC STORE

ST. LOUIS IS 161 YEARS OLD THIS MONTH

Columbia, Mo.—The founding of St. Louis, which began as a

fur trading post, is commemorated during the week of February 15 to 21, the State Historical Society's bulletin, issued from its headquarters at the University of Missouri, says in reviewing prominent events in Missouri history which occurred during the month of February.

St. Louis, today one of the great cities of the nation, was founded on February 15, 1764. It was the second, and became the greatest permanent settlement in Missouri.

"A bit of the romance of the

early French settlements finds its way into the story of the city", the bulletin observes, and gives the following concerning the beginning of the little trad-

ing post: "Living in New Orleans in 1762 were two friends, a rich merchant, Maxent, and an active young Frenchman, Pierre Laclede Liguest. They obtained permission to trade with the Indians on the Missouri and Maxent furnished the money. Laclede the leader. A year later Laclede sailed up the Mississippi, landing at Fort Chartres on the Illinois side, in November, 1763. His ideal location for

a trading post was found after he and a boy had explored the Missouri side on foot.

"The boy was Auguste Chouteau, and he and a party of

thirty men crossed the river on February 14, 1764, and the building of St. Louis began on the 15th. Laclede came to the location in the spring, and by fall many French-Canadian families in Illinois came across the river to make their homes.

"Chouteau was the son of Madame Chouteau, the mother of St. Louis'. She was Missouri's first business woman, being interested in real estate and in fur trading. It is said that she brought the first swarm of honey bees to Missouri. Auguste and another son, Pierre, became great fur traders and in 1794 they established Fort Carondelet in Bates or Vernon County, the second Fort in western Mis-

souri. The first had been Fort Orleans in Carroll County, established in 1723.

"The population of St. Louis had reached only a thousand by 1804, but in 1870 it had grown to 310,864, and in 1920 to 772,897. If St. Louis had large boundaries, like other cities, and included its urban and industrial districts, its population would be in excess of one million".

In more than one case recently where the animals lost their teeth through age or accident, dogs have been successfully fitted with false teeth.

Miss Ellen Wilkinson, one of the four women members of the British Parliament, is what is known as an official trade union candidate, her election expenses being paid out of trade union funds.

BAKER APPOINTED BLOOMFIELD WOMAN

Mrs. Charles S. Pruitt of Bloomfield was named by Gov. Sam A. Baker, Monday, to take the place of Dr. T. S. Allen on the Board of Regents of the Cape Girardeau State Teachers College. The appointment comes as a particular honor to Mrs. Pruitt, because it is the first time a woman has been given a place on the Board.

Mrs. Pruitt, who is a Democrat, will accept the place, taking up her new duties at the next meeting which will probably be held in May.

Appointment of women on the controlling boards of the state Teachers Colleges was followed in three instances by the governor, he also appointed one woman each to the college boards at Springfield and Maryville.

Before the appointments became effective, however, they must be confirmed by the state senate, but no objection is anticipated, it is said.

Mrs. Pruitt has been identified with the teaching profession for 20 years, is a graduate of the Cape Teachers College, and recognized as a leading educator of Southeast Missouri.

She is credited with being well acquainted with the problems of education, particularly in this territory, and has taught in both rural and city schools.

She resides at Bloomfield, where her husband, who was also formerly a teacher, is a mail carrier.

Hawaii is the largest island of the group which bears its name, and it contains the greatest amount of volcanic activity. Nearly, if not all, the land above sea level has within comparatively recent times been covered with hot lava or other eruptive material. Although covered with fissures and blow-holes, the soil is in many places fertile.

CORRESPONDENCE FROM MOREHOUSE

Ed Griffin and Mrs. A. C. Whitener attended the Music Box Review in St. Louis this week.

D. L. Fisher, superintendent of the Himmelberger-Harrison Lumber Co., has been confined to his bed with influenza, recently.

Mr. and Mrs. Dooley Ralph returned to Chicago, after a three weeks' visit with Mr. and Mrs. W. R. Griffin.

Rev. Duckworth, of Cape Girardeau, who was holding a most instructive and entertaining meeting in the interest of Sunday School work at the M. E. Church, was called home on Wednesday because of the illness of his young son. The maliciousness of another and older boy in putting snow down the boy's back, caused him to contract pneumonia.

Among those who have signed tomato contracts are: P. H. Teal, Ernest Crumpecker, W. D. Wofford, Mr. Thomas and others. A satisfactory site has been secured on the property of the Morehouse Stave Co. It is now an assured fact that Morehouse will have a canning factory for the coming season.

The Yimsons' defeated the Vanduser stars Monday night by a score of 49 to 10. Lawlis is star for Morehouse, scoring 16 points.

There has been a glorious shower of big baby boys during the past week. Those reported were born to Mr. and Mrs. A. Givens, Mr. and Mrs. Harve Richardson, Mr. and Mrs. Anderson Davis, Mr. and Mrs. Buck Heath and Mr. and Mrs. Mat Hunter.

An epidemic of influenza has passed over the community, claiming many victims. The baby of Mr. and Mrs. Harry Fox is critically ill, Mr. Malloy, a newcomer, farming just west of J. W. Ogle, is slowly recovering. W. L. Red, likewise has been from a very severe attack, seriously ill. Mrs. Bryce Edwards has been confined to her bed for a week.

The vocational department of the high school will test corn and cotton seeds for farmers. A charge of 25 cents a test is made to cover expenses. Mail your samples to Prof. Bryce Edwards. Samples should be representative of the lot of seed.

Mr. and Mrs. S. Manheimer spent Sunday with relatives in Parma.

Miss Margaret Hunter was a hostess for the Junior Bridge Club at her home on Powell Avenue last Saturday afternoon, honoring Mrs. Jimmie James, a recent bride. Mrs. Scott Julian played as substitute, with Miss Frances Richards carrying off the honors of the occasion, a fancy apron, and very graciously presented it to Mrs. James. Concluding the game, dainty refreshments were served.

Miss Eddy Loud entertained last Saturday night at her home on Waters street, complimentary to Mrs. Jimmie James, with a personal shower. The game of "Hearts," with three tables of guests was the principal feature of the evening's entertainment, with the Valentine suggestions being carried out in the decorations and favors, with a delightful menu of chicken sandwiches, fruit salad, coffee, pickles and candy. At the conclusion of a very enjoyable time, Mrs. B. M. Jones presented the bride with a valentine heart-shaped box, containing lovely gifts from her many girl friends.

Quite a number of our town ladies attended a Bridge luncheon given at the home of Mrs. C. W. Stevenson at Lilbourn, the hostess being assisted by Mesdames L. D. Marlowe, Amos Riley of that city, honoring Mrs. Allen Oliver of Cape Girardeau. A most delightful time was spent with Mrs. Harry Sharp winning first prize, a box of candy, Mrs. B. M. Jones making the second score and receiving a deck of cards. The guest's prize, a piece of lingerie, was presented the honoree, Mrs. Oliver. Those who attended from New Madrid were: Mesdames Fannie Fine, John E. Riley, H. C. Riley, Jr., W. T. Riley, C. C. Bock, A. B. Hunter, Jr., A. O. Cook, Wm. Mann, Jas. A. Finch, Jesse M. MINISTER KILLED ON
DEXTER-BERNIE ROAD

The Reverend C. O. Fitzpatrick, pastor of the Nazarene Church at Dexter, was killed between 11:30 and 12:00 o'clock Wednesday morning on the Dexter-Bernie highway, when a car, driven by an unknown man, hit him and dragged him about forty feet.

The body was badly mangled and half the skull was crushed. According to an eye-witness, interview by The Standard in Sikeston Thursday morning, Rev. Fitzpatrick had stopped his car for water on the east side of the road, about five miles north of Bernie. He had dipped some water from the ditch at the side of the road where his car was parked, and was standing by the radiator watering it, when the stranger's car came on at a pretty rapid rate.

The man interviewed, who was walking on the west side of the road about 100 yards ahead, says that as the car came toward him, he jumped the ditch to avoid being run over. Afterwards, he recrossed to the road and found the Rev. Fitzpatrick's body lying on the west side of the road about forty feet north of where his hat lay near the car on the east side. He was presumably dragged this distance.

The body was taken to Dexter where an inquest was held. A man, thought to be the driver in the car, was taken over in Cairo yesterday afternoon. He has not been definitely identified. The eye-witness says that as far as he could tell, the car which caused the death, was a Hupmobile coach.

Burial of Rev. Fitzpatrick will take place at two o'clock on Friday, probably at Dexter. He is survived by his wife and three children.

PLAN COUNTY BASKET-
BALL TOURNAMENTS SOON

Basketball meets of various county high school teams are being planned for the latter part of February by the principals. Boys' teams will contest February 27 and 28 as follows: Dunklin County schools at Clarkton, New Madrid County schools at Portageville and Scott County schools at Morley. Owing to the lack of a practice court in Sikeston, the local players are not yet decided as to whether the Sikeston school will be represented.

A Southeast Missouri girls' basketball tournament will be held at Morehouse March 6 and 7. Sikeston will probably not be represented.

C. OF C. ELECTION OF
OFFICERS POSTPONED

The election of the Chamber of Commerce officers for the coming year was postponed to the night of February 17, at the meeting Monday night. Altho' a quorum was present at this meeting at which officers were to have been named, those there decided that a large and more representative group should vote.

A special effort will be made to get the crowd out next Tuesday night. Various other attractions cut down the attendance Monday night.

CITY COUNCIL'S REGULAR
SESSION TO MEET MONDAY

The City Council will meet in regular session Monday night. The extra called for last Monday morning was not well enough attended to permit of any action. Additional boulevard stops and tax revisions will be the chief subjects up for discussion this week.

Poplar Bluff.—A personal injury suit against the Poplar Bluff Ice and Fuel Co., was filed yesterday by Charles Dixon, former employee. He asks \$2500 damages. Dixon alleges that while working for the corporation, on December 6, 1924, a 300-pound cake of ice fell on his feet, crushing them.

BEING SENSIBLE

Just what is meant when Montgomery Ward and Sears, Roebuck & Co. tell you "Buy at a Saving?" Do you buy better goods at a less price? Do you buy the same goods at a less price? And are you as satisfied with goods purchased from a beautiful picture and a vivid description as you are when you inspect the merchandise over our counters. We are not going to answer these questions for you in print but we will prove our contention this way:—Read this list of only a few comparative prices that we lay before you as cheap or cheaper than those of the above mentioned firms or any other mail order houses. Isn't it plain that you can save as much or more in Sikeston from your home town merchant?

VACCINATION BE DONE

The Sikeston public school teachers and management are urging that parents of all children, who have not been vaccinated, have it done immediately. Neighboring towns are suffering visitations of smallpox.

Supt. Roy V. Ellise says that until about a year ago Sikeston students were in the main vaccinated, but due to the presence of many newcomers in town no estimate of vaccinations can be made.

No definite date has been set for the children showing scars, but some check on the means of prevention and for immunity will be made soon.

The news of the arrival of a baby daughter to Mrs. Wm. E. Payne at Georgetown Hospital, Washington, D. C., gives the editor and wife the sixth grandchild. May these babes all grow up to be an honor to their forebears and to the communities in which they live, is the wish of their grandparents.

A grand jury is to be called this week in Mississippi County to investigate the death of a negro for attempted criminal assault on a young white woman. We'll miss our guess if there won't be a lot of men who were deaf, dumb and blind on this eventful occasion, when called before the grand jury. This investigation is a waste of public money as the hanging of the negro was the proper course under the circumstance.

At last all charges against T. W. Anderson for transporting a typewriter and adding machine loaned him, from Jefferson City to his home in Commerce, have been settled by an acquittal. This has been a case of persecution from the start by Republican politicians of the State. No one, Republican or Democrat, in this section has ever believed Tillman Anderson was guilty of any intentional wrong when he brought these machines from the State Labor Bureau at Jefferson City to finish up some private work at his home.

Sikeston gins have baled in the neighborhood of 12,000 bales of cotton to date and with good weather the balance of the crop will be picked in ten days. The first of December found the cotton situation anything but satisfactory, but with the heavy freeze followed by warm rains the bolls opened sufficient to permit of gathering and since that time enough cotton has been picked to make it a very paying crop. With judicious planting this spring the farmer has a fair outlook for profit in 1925.

Great preparations are on foot to make the coming fair the best ever. Secretary Blanton is in correspondence with the largest carnival companies on the road and with the best free attractions to be secured. At this time the Directors are unable to give a line-up on the racing program, whether it will be a straight running program or mixed with both running and harness events. The Directors hope enough of our live farmers will put out special farm plots to give us the same big farm display as heretofore, and now is the time to lay such plans.

The editor of The Standard wishes to compliment the American Legion boys for the splendid dances they have been giving at the Armory. They have appointed a committee whose duty is to see that order is maintained and this thing alone has been the reason that so many out-of-town people have been patronizing these dances, as they can attend, knowing that young men who are in the habit of drinking, will not be permitted the privilege of the dance floor. Good music and good order will prevail as long as the Legion is in charge of the dances.

It is a long time before another election for county officers rolls around, but just the same several prospective candidates for the different offices are shaking hands. The Standard believes the Democratic County Committee should take a hand in the next election by frowning in a field full of candidates for any of the offices. It was soreness within the party that lost several offices at the late election and not because the Republicans had better men for the places. We are in hopes there will be no fight in the primary for any offices and if such is the case, the Democrats will fill every office to be filled at the 1926 election.

COOLIDGE MAY ATTEND JOURNALISM WEEK

VICE PRESIDENT CANDIDATE PASSES THRU CAIRO

BRIDGE ON HIGHWAY AT CAPE COMPLETED SOON

JAIL ALLEGED ROBBER IN CHARLESTON

Columbia, Mo., February 9.—More than the usual significance to newspaper and advertising men and women will be attached to the Sixteenth Annual Journalism Week of the School of Journalism of the University of Missouri to be held here May 4 to 9.

A new aspect will be introduced if President Coolidge definitely accepts an invitation to address visiting writers, publishers and allied workers, as well as students in the world's oldest school of journalism. It will be the first time a president attended this event, which attracts leading editorial, press association and advertising figures of the country each year.

The President indicated that he was favorably inclined and declared he would take the matter under advisement, when asked to come here this spring by a committee which visited him in Washington. The committee included Walter Williams, dean of the school and president of the Press Congress of the World; Casper S. Yost, editor of the St. Louis Globe Democrat and president of the Society of Newspaper Editors; Senator Selden P. Spencer of Missouri; Frank P. Glass, editorial director of the St. Louis Star; James Wright Brown, editor of Editor and Publisher, New York, and Representative Harry B. Hawes.

Plans, now under way will call for a program embracing virtually all phases of journalism. Round table discussions will follow addresses by prominent men and women in such varied fields as metropolitan newspaper publishing; the small town daily; the country weekly newspaper; the agricultural press; class, trade and technical journals; newspaper advertising; merchandising plans; news gathering and distributing organizations; syndicate associations, and many others.

This year's gathering will be of particular interest to laymen as well because of certain newspaper problems that have arisen during and will, doubtless, come in for a share of discussion. The increased use of the radio with newspaper activity in broadcasting programs and the effect of "photographic telegraphy" are among the interesting subjects which will come up.

In connection with Journalism Week, there are held in Columbia, the annual conventions of the Missouri Writers' Guild and the Missouri Press Association. These bring together outstanding editors of the state and the various fiction writers residing in Missouri.

PROPOSE NEW STATE TAX ON CIGARETTES

Jefferson City, Feb. 9.—A state tax of \$2 would be levied against the sale of every 1000 cigarettes in the state, according to a bill being drawn up.

The bill will be presented to the general assembly this week.

The resolution is being drawn by Attorney General Otto at request of Secretary of State Becker. Becker estimates the tax would produce more than \$2 million dollars revenue in the state annually.

Collections of the tax would be made through the secretary of state.

Educator Speaks At Cape

The need for a concentrated action in giving Missouri children a fairer chance at education was stressed by Charles A. Lee, State Superintendent of Schools, speaking to Teachers' College students at Cape Girardeau recently. Lee's appeal made in an earnest manner, followed his reciting of educational conditions now existing in Missouri. He told students that nine-tenths of the State's children are not in a high school district. One thousand school districts of the State have an average attendance of 10 pupils in rural schools; over two-thirds of the State's rural schools do not have 25 students, this number being set by Lee as the lowest number for efficiency.

A golden ball of lightning, one of the rarest of Nature's displays, was seen recently near Frankfort, Germany. The man who saw it reports that golden rain seemed to break forth from the blue sky, then a globe of yellow light sailed on ahead, trailing luminous rays. A clap of thunder followed.

He told students that nine-tenths of the State's children are not in a high school district. One thousand school districts of the State have an average attendance of 10 pupils in rural schools; over two-thirds of the State's rural schools do not have 25 students, this number being set by Lee as the lowest number for efficiency.

A golden ball of lightning, one of the rarest of Nature's displays, was seen recently near Frankfort, Germany. The man who saw it reports that golden rain seemed to break forth from the blue sky, then a globe of yellow light sailed on ahead, trailing luminous rays. A clap of thunder followed.

The resolution is being drawn by Attorney General Otto at request of Secretary of State Becker. Becker estimates the tax would produce more than \$2 million dollars revenue in the state annually.

Collections of the tax would be made through the secretary of state.

The need for a concentrated action in giving Missouri children a fairer chance at education was stressed by Charles A. with this guaranteed remedy, which is being introduced to all poultry raisers of this community by one of the leading stores.

This preparation is just added to the poultry's drinking water for a few days and in a short while all blue bugs, lice mites and stick-tight fleas disappear. Use it and avoid all dirty work, such as dusting, dipping or spraying.

This remedy is called "2 in 1" Lice and Mite Remover and, in addition to riding the poultry of blood-sucking insects, acts as a tonic and blood purifier. After using it the fowls take on new vitality, their comb become redder and their plumage brighter. It is a positive egg production increaser also.

Very economical—one bottle is sufficient to last the average flock all season. Price \$1.00. You run no risk of not being satisfied, because, if you find after using it 30 days, you are not entirely satisfied with the results, your money will be refunded. Sold at WHITE'S DRUG STORE, all other drug stores, grocery stores, feed and seed stores or sent direct by the "2 in 1" Poultry Supply Company, 712 Central Street, Kansas City, Mo.

Trustee's Sale Notice

WHEREAS, Henry N. West and Pearl West, his wife, by their certain Deed of Trust, dated the 1st day of August, 1919 and recorded in the Recorder's Office of Scott County, Missouri, in book 39 at page 368 thereof, conveyed to the undersigned trustee, the following described real estate situate in the County of Scott and State of Missouri, to-wit:

Cairo, Ill., Feb. 12.—J. C. Neeb, who said he lived at Bad Axe, Mich., and is an oil promoter, was arrested by Cairo police Wednesday night at the request of authorities at Dexter, Mo., who ordered him held in connection with the death of Rev. C. O. Fitzpatrick, a minister, killed by an automobile on a highway near there.

Neeb was lodged in jail, but denied any knowledge of the tragedy. Authorities say he is being held only on the report that a Hupmobile car—the kind he was driving—was the last seen in the vicinity of the tragedy.

Neeb was accompanied by his wife and a child, and two young women, who gave their names to police as A. Henly and L. Snodds. They refused to divulge their first names. They said they were traveling with Neeb and his wife, and were returning from Houston, Texas.

Neeb has refused to return to Dexter and is fighting extradition.—Cape Missourian.

Containing 167.982 acres of land, subject to easements for public road and ditch right-of-way.

All above described land lying in Section Twenty-one (21), Township Twenty-six (26), Range Fourteen (14), East.

Which Deed of Trust was given to the first deed of trust in favor of the Liberty Joint Stock Land Bank of Salina, Kansas.

IN TRUST to secure the payment of certain promissory notes in said Deed of Trust described; and

WHEREAS it is provided in said Deed of Trust, among other things that if said notes, or said interest, or any part thereof shall be allowed to become due and remain unpaid according to the terms thereof, then said Deed of Trust shall remain in full force and the trustee under said Deed of Trust may proceed to sell said property as therein authorized; and

Whereas, a portion of the notes and interest have been allowed to become due and remain unpaid and are now due and unpaid, and the legal holder thereof has made demand on the undersigned trustee to enforce the lien of said Deed of Trust upon said property and sell said property as authorized by said Deed of Trust.

NOW THEREFORE, at the request of the legal holder of said unpaid notes and in pursuance of the provisions of said Deed of Trust, the undersigned trustee will sell the property above described at public vendue, to the highest bidder for cash, at the Court House door, in the town of Benton, Scott County, Missouri, on Saturday, February 28, 1925

between the hours of nine o'clock a.m. and five o'clock p.m. of said day, for the purpose of satisfying said notes, together with the expenses and costs of executing this trust.

LLOYD BUILDS 'MOVIE' TOWN

Among the big achievements in Frank Lloyd's production of "The Sea Hawk" was Camp Lloyd on the Isthmus at the northeast end of Santa Catalina Island, off the California coast. "The Sea Hawk" is a First National picture which will be at the Malone Theatre Monday and Tuesday, February 16 and 17.

Camp Lloyd sprang into being when the early sea scenes for the photoplay were being made. Sixty-five miles from Hollywood studios, forty miles from the harbor of San Pedro, the nearest source of supply, it consisted of 150 tents, each equipped with an electric light, a bureau and mirror, an iron hospital cot, two chairs and a supply of blankets a mess hall accommodating 700 men at one time and under the supervision of two former army commissary sergeants and eighteen assistants an assembly hall where nightly orchestral concerts, radio concerts, wrestling matches, boxing bouts and impromptu entertainments were given for the men; a make-up tent, a barber shop, a canteen, hospital tent, a wardrobe building, a bathhouse, a film vault and an executive office.

Also an ocean pier had to be

constructed and at the seaward end of it a three story Algerian slave house with a high minaret had to be built. Three other Algerian buildings also were constructed for atmosphere.

The four ancient ships, ranging from 105 to 192 feet in length and manned by from 100 to 400 men each, were anchored in the cove-harbor. Two barges and four motor boats brought supplies daily from the mainland and every other day an aeroplane brought fresh film and prints of negatives exposed the day before.

For three weeks Camp Lloyd buzzed like an army cantonment, the 700 principals, extras, technicians and laborers rising at 5:30 each morning to army bugle calls and retiring at 10 each evening at the sound of "taps". Camp Lloyd was a picturesque village indeed each morning as the sun arose from the ocean in the East and cast its reflections upon gallery slaves wearing abbreviated clothes and brownish orange grease paint upon their bodies, corsairs in chain mail and helmets and technicians in modern attire.

VACCINATION NECESSARY TO CHECK SMALLPOX

The prevalence of several cases of smallpox in the counties adjoining New Madrid County should be sufficient warning to the citizens of New Madrid and the citizens of the other counties who are not already victims. The only safeguard we have is vaccination against this dread disease and everyone who is not already immune should take heed an "play safe".

The New Madrid County Health Unit will vaccinate free of charge, anyone applying at the Health Department office for immunization.

NEGRO ATTACKER OF CHILD NOW IN JAIL

Sheriff J. H. Smith returned from Helena, Ark., Monday morning at 2 o'clock, having in custody Ollie Slay, the nigger who raped or attempted to rape, the eight-year-old daughter of Walter Petty at the Petty home two miles east of Steele on January 7, and lodged his prisoner in the county jail in this city. The sheriff left for his prisoner Sunday morning, driving to Hayti where he caught the early morning fast train, in response to a telegram from Sheriff J. D. May of Helena, stating that he had the nigger in jail. Some few days previous Sheriff Smith had placed the picture and description of Slay in the Commercial Appeal together with the offer of a \$100 reward for him locked up in any jail in the U. S. Slay was working for a farmer 16 miles west of Helena, who recognized the nigger from his photograph and description appearing in Memphis paper, took charge of him and delivered him to the Helena sheriff and received the \$100 reward offered by Sheriff Smith.

Sheriff Smith says that the prisoner admitted his guilt to him and asked him to protect him from violence, saying that if his crime merited hanging he wanted it done legally and by Sheriff Smith.

Yesterday he requested the sheriff to call the pastor of the colored Holiness church to the jail for spiritual comfort. The divine arrived at about 6 p. m. and prayed with Slay and preached a sermon to the 41 prisoners in jail but for the special benefit of Slay. At its conclusion Slay professed Christ and said his peace with God was established.

At the time of the dastardly crime, the nigger managed to elude the local officers and get out of this state, but the untiring energy and constant endeavor of Sheriff Smith had him behind prison bars in exactly one month. This incident, coupled with the splendid record made by our sheriff as a fugitive catcher during the ten years he served the people of this country as constable and deputy sheriff, should be sufficient to convince the accused of the futility of trying to elude capture by flight.

There now being little or no doubt concerning the guilt of the prisoner, since his admissions to Sheriff Smith, there is reason to believe the Court or the jury will deal out punishment commensurate with the enormity of his crime.

Sheriff Smith stated that Mr. Petty, father of the unfortunate child, called at the jail and talked with the prisoner yesterday and stated to the sheriff that he hoped no unlawful violence would be done the prisoner and that he desired the accused receive his punishment in a legal and orderly way.—Caruthersville Democrat.

RAILROAD OFFICIALS HERE TO IMPROVE SERVICE

C. C. Chapman, superintendent for this division of the Missouri Pacific, A. F. O'Hara, traveling freight agent, and S. E. Redlon, train master for the Missouri Pacific were in Sikeston Thursday morning looking over prospects of improving the company's service to Sikeston. At present a plan is on foot whereby the blind switch near the park will be changed and the switching tracks extended away from the main city crossings out toward the shoe factory.

Mr. O'Hara is making plans that will give Sikeston a 24-hour freight service out of St. Louis.

1000 TREES ORDERED FOR MEMORIAL PARK

According to A. A. Ebert, the Memorial Park has just arranged with a nursery in Vienna, Ill., for a shipment of 1000 trees which will be planted in the new cemetery as soon as the weather permits. The arrangements were made through J. H. Galeener, whose brother is connected with the Vienna Nursery.

Mr. Ebert says most of the trees will be Norway maples, which provide good shade and beautiful foliage. Flowers and shrubs will also be planted.

TO SELL OZARK IRON ORE CO. HOLDINGS SOON

Poplar Bluff, Feb. 11.—Prospects for the future of the defunct Ozark Iron Ore Co., in which a number of persons in Poplar Bluff, St. Louis, Kansas and other points lost heavily, are not bright, F. M. Kinder, receiver for the concern, has announced.

Kinder stated the land, constituting about 11,654 acres, probably would not bring enough to pay the accrued taxes amounting to \$4650 due on the property.

It was reported here today that a local body of business men, headed by W. L. Hooper, president of the defunct concern, would purchase the land when it is sold and renew mining activities. Whatever value it has is virtually all in the ores and timber, and the land is worth little for agricultural purposes.

A report of the liabilities and assets on file here shows the tract is subject to deeds of trust aggregating \$68,000.

Every Citizen of This Community Is a Prospective Customer of Your Place of Business

If you are selling merchandise or service of any nature in this community, ask yourself what percentage of the total population is at present patronizing your place of business.

If that percentage is too small, there is a reason.

We do not think there are any "sick" businesses in our town, but if the trade of merchants is not all that it should be, perhaps a tonic is needed.

We suggest the regular use of space in our advertising columns as a stimulant for any business that could conveniently wait upon a little more trade. Perhaps you could easily handle twenty-five per cent more business without increasing your "overhead." If that should be true, then the fact is obvious that it stands you in hand" to hustle like a good fellow to add that much more trade to your volume.

If you are already an advertiser in these columns and still lack all the trade you feel entitled to, there may be opportunity for improving the general effectiveness of your advertising. Are you using enough space to make your ads "stand out"? Do you take sufficient time to prepare your copy painstakingly? Do you use cuts to attract and rivet attention? Lastly, do you QUOTE PRICES in your ads?

If your advertisements are convincing in respect to the desirability of your goods, then there is one more detail that prospective customers want to know—HOW MUCH IS THE PRICE?

Every citizen of this community is a prospective customer of your place of business. This paper enters the homes of a large majority of the people. We can carry your store news to all of them if you are interested in talking to the many who are not already your customers. Ask to see our cut and copy service. It may give you "heaps much help."

MISSOURI INCOME TAX DECREASED LAST YEAR

Washington, Feb. 8.—A Treasury report shows that the Federal income tax collections in Missouri for December, 1924, amounted to \$7,230,334, as compared with \$7,486,305 for the corresponding month of 1923.

In the main, the collections represented the fourth installment of the tax due on incomes for the calendar years 1923 and 1922, respectively. For the whole country, the December total was \$326,853,146 in 1924, as compared with \$326,332,834 in 1923.

BOOTLEGGER OVER TO CIRCUIT COURT

Poplar Bluff.—By agreement between attorneys Rex Collins will be tried in Circuit Court here. Collins is charged with making whisky, on an indictment returned by the grand jury of this county in 1924—just a year ago. An immediate reason for asking the return of the case here is said to be that Collins' attorney has another case set down for trial here. It is, however, reported, that too many convictions secured in Dunklin County for alleged liquor-law violations has caused the "odds" to be unfavorable for trial there. The county recently convicted 19 out of 26 in booze cases.

OPPOSES CHANGE IN ROAD LAW AND NEW MILEAGE

Jefferson City, February 10. Theodore Gary of Kansas City, chairman of the State Highway Commission, this afternoon issued a statement that the commission was unalterably opposed to changing the law designating the routes for the 7640-mile State Highway system and increasing the mileage. Gary made this comment in the course of a commission meeting here to approve bids and let contracts for construction of approximately \$1,000,000 worth of road and bridge work, on which bids were received recently.

"The commission feels that it is under a solemn pledge to complete the present road system within six more years," Gary said. "If the mileage is increased at the present time, there will be an increase demand for construction of highways on this additional mileage. Under no circumstances can the commission complete a program any greater than the one covered by the centennial road law passed in 1921."

School Administrators Hold An- nual Meet

Columbia.—President Stratton D. Brooks of the University of Missouri characterized the work of education as "one big job", of continuous interest to those who once enter it, in an address to the members of the Missouri State School Administration Association, which recently held its annual convention here.

Reports to the convention by Prof. A. G. Capps of the University indicated that the high school enrollment in Missouri increased 115 per cent from 1913 to 1923, and that the grade school enrollment has seen a large increase.

HAYTI POSSE KILLS ESCAPED MANIAC

St. Louis, February 11. Hammie Shane, escaped inmate of the St. Louis City Sanitarium, was shot to death by members of a Sheriff's posse Tuesday at Hayti, Pemiscot County, according to a dispatch from Caruthersville, the county seat.

Shane, a homicidal maniac, who had killed two persons here, escaped from the Sanitarium for the second time last June. Just before State Senator Michael Kinney was shot by a mysterious assailant at a railroad station in St. Louis County, Kinney said, on seeing a picture of Shane, that the picture looked like the man who shot him. After Shane was located in Pemiscot County, Kinney made no accusation against him, and he was permitted to remain at large. A jury in Pemiscot County declared him to be of sound mind.

Since last October Shane has been a defiant violator of the liquor laws, and has withstood arrest. He was arrested and taken into court, but while a hearing was going on at Caruthersville, he picked up a rifle and a shotgun and backed out of a Justice Court and went across lots to his home at Hayti, eight miles away.

Recently, when the county officers decided to take Shane prisoner again, it was learned that he was wearing a bullet-proof jacket. Sheriff J. Ham Smith fired two shots which hit the jacket and were deflected. When the Sheriff got a posse and went after Shane at that time, he appeared at his window with what they declared to be a machine gun, and threatened to kill them.

Yesterday Sheriff Smith and his seven companions went to the frame dwelling of Tobe Baird, where Shane was staying, and ordered all the occupants out. All went out but Shane. Baird was then told to tell Shane that if he did not surrender, the house would be fired into, and burned if necessary. Shane sent back word that he would die rather than surrender. He then began firing from the windows with his so-called machine gun, which proved to be an automatic rifle. He fired repeated rounds, but the Sheriff and his men kept in sheltered places.

The Sheriff and his men fired with rifles and shotguns, breaking the windows. After a time the firing from the house ceased, and the officers thought possibly they had wounded Shane. Then three revolver shots were heard in the house, followed by silence. Just as the men outside were beginning to believe that Shane had shot himself, he began firing from another window. Evidently he had practiced a ruse to get his pursuers out of their shelter.

The firing on the house was resumed, and presently Shane came out and ran toward the railroad tracks. Several shots from the posse took effect in his body, and he was dead when the pursuers reached him.

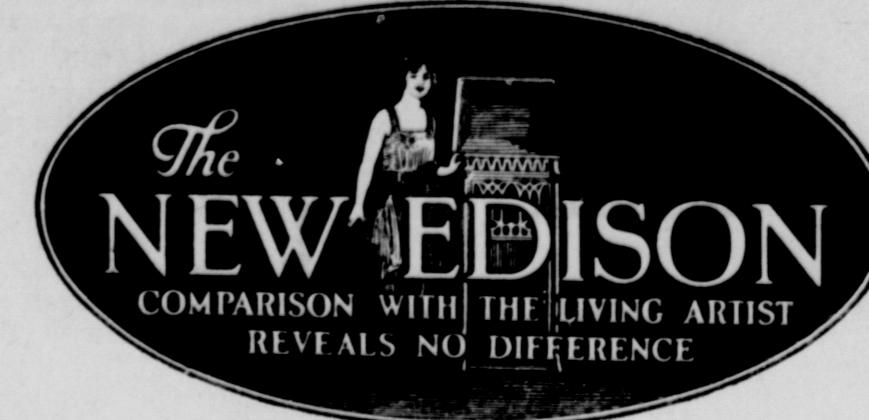

Shane, who was a native of Near East, and who was usually described as a Turk, shot and killed his cousin, Seid Alaway, and Alaway's wife, in a fight in their rooms over a South St. Louis confectionery store June 16, 1923. A jury found him guilty of the crime but insane, and he was committed to the Sanitarium early in 1924.

His first escape from the institution was in May, and he went to Pemiscot County, where he was captured and taken back to the sanitarium.

The second escape, in the following month, ridding the sanitarium authorities of one of their greatest worries, was not followed by any determined attempt to obtain his return. The Probate Court here last September decided, in a hearing at which he was not represented, that he was of unsound mind, and the Public Administrator was named as guardian to administer a pension of \$80 a month, payable to him as a former soldier. He remained at liberty in Pemiscot County, under the ruling there which declared him sane.

The Phonograph that amazed Sikeston can be bought!

There is a rumor abroad that the instrument which triumphed in the drastic comparison test, made Wednesday evening, Feb. 4, at the Malone Theatre, was a special exhibition model. That rumor is false. The instrument was a regular Official Laboratory Model—out of our own stock.

Every Edison Phonograph in our stock is guaranteed to sustain the same test.

If you were one of those, in that audience, who wistfully exclaimed: "Wouldn't it be wonderful if I could buy a phonograph like that"—know that you can. Know that it will perform this miracle every day for you in your own home.

THE NEW EDISON PHONOGRAPH

Come in and hear for yourself the marvelous realism of the New Edison. Find out about our Budget Plan, which enables you to own a New Edison for a small down payment, the balance on a gentleman's agreement to suit your convenience.

Note:—The test at the Molone Theatre was made by Glen Ellison, the world-famous baritone. He compared his living voice with its RE-CREATION by the New Edison. There was no difference between the living voice and the RE-CREATED voice.

The New Edison stands absolutely alone in this great achievement; no other phonograph has ever sustained this test of comparison.

ST. LOUIS IS 161 YEARS OLD THIS MONTH

Columbia, Mo.—"The founding of St. Louis, which began as a fur trading post, is commemorated during the week of February 15 to 21", the State Historical Society's bulletin, issued from its headquarters at the University of Missouri, says in reviewing prominent events in Missouri history which occurred during the month of February.

St. Louis, today one of the great cities of the nation, was founded on February 15, 1764. It was the second, and became the greatest permanent settlement in Missouri.

"A bit of the romance of the early French settlements finds its way into the story of the city", the bulletin observes, and gives the following concerning the beginning of the little trading post: "Living in New Orleans in 1762 were two friends, a rich merchant, Maxent, and an active young Frenchman, Pierre Laclède Liguest. They obtained permission to trade with the Indians on the Missouri and Maxent furnished the money. Laclède the leadership. A year later Laclède sailed up the Mississippi, landing at Fort Chartres on the Illinois side, in November, 1763. His ideal location for

a trading post was found after he and a boy had explored the Missouri side on foot.

"The boy was Auguste Chouteau, and he and a party of thirty men crossed the river on February 14, 1764, and the building of St. Louis began on the 15th. Laclède came to the location in the spring, and by fall many French-Canadian families in Illinois came across the river to make their homes.

"Chouteau was the son of Madame Chouteau, the mother of St. Louis'. She was Missouri's first business woman, being interested in real estate and in fur trading. It is said that she brought the first swarm of honey bees to Missouri. Auguste and another son, Pierre, became great fur traders and in 1794 they established Fort Carondelet in Bates or Vernon County, the second Fort in western Mis-

souri. The first had been Fort Orleans in Carroll County, established in 1723.

"The population of St. Louis had reached only a thousand by 1804, but in 1870 it had grown to 310,864, and in 1920 to 728,897. If St. Louis had large boundaries, like other cities, and included its urban and industrial districts, its population would be in excess of one million".

In more than one case recently where the animals lost their teeth through age or accident, dogs have been successfully fitted with false teeth.

Miss Ellen Wilkinson, one of the four women members of the British Parliament, is what is known as an official trade union candidate, her election expenses being paid out of trade union funds.

BAKER APPOPTS BLOOMFIELD WOMAN

Mrs. Charles S. Pruitt of Bloomfield was named by Gov. Sam A. Baker in the Teachers College here and graduated with him in the class of 1897, and was one of his close friends.

When informed of her appointment today by a Missourian representative at Bloomfield, Mrs. Pruitt quickly evinced her pleasure and pride in the appointment. When asked if she would accept it, she replied: "I couldn't afford to refuse such an honor offered to me by such an old friend as Mr. Baker. The appointment comes unexpectedly, but I will accept and will attempt to discharge my duties as best I can."

Mrs. Pruitt, who is a Democrat, will accept the place, taking up her new duties at the next meeting which will probably be held in May.

Appointment of women on the controlling boards of the state Teachers Colleges was followed in three instances by the governor, he also appointed one woman each to the college boards at Springfield and Maryville.

Before the appointments became effective, however, they must be confirmed by the state senate, but no objection is anticipated, it is said.

Mrs. Pruitt has been identified with the teaching profession for 20 years, is a graduate of the Cape Teachers College, and recognized as a leading educator of Southeast Missouri.

She is credited with being well acquainted with the problems of education, particularly in this territory, and has taught in both rural and city schools.

She resides at Bloomfield, where her husband, who was also formerly a teacher, is a mail carrier.

Mrs. Pruitt was a classmate of Gov. Baker in the Teachers College here and graduated with him in the class of 1897, and was one of his close friends.

When informed of her appointment today by a Missourian representative at Bloomfield, Mrs. Pruitt quickly evinced her pleasure and pride in the appointment. When asked if she would accept it, she replied: "I couldn't afford to refuse such an honor offered to me by such an old friend as Mr. Baker. The appointment comes unexpectedly, but I will accept and will attempt to discharge my duties as best I can."

The first intimation that she was being considered for the place was given last week when a board member called her on long distance telephone. She thought no more of the incident, she said, until informed today of the appointment.

Mrs. Pruitt was formerly Miss Elizabeth Taylor and was married to Mr. Pruitt the year after she graduated from college. She taught for ten consecutive years at Advance and 8 years in the schools at Bloomfield—Cape Missourian.

Hawaii is the largest island of the group which bears its name, and it contains the greatest amount of volcanic activity. CORRESPONDENCE FROM MOREHOUSE

Ed Griffin and Mrs. A. C. Whitener attended the Music Box Review in St. Louis this week.

D. L. Fisher, superintendent of the Himmelberger-Harrison Lumber Co., has been confined to his bed with influenza recently.

Mr. and Mrs. Dooley Ralph returned to Chicago, after a three weeks' visit with Mr. and Mrs. W. R. Griffin.

Rev. Duckworth, of Cape Girardeau, who was holding a most instructive and entertaining meeting in the interest of Sunday School work at the M. E. Church, was called home on Wednesday because of the illness of his young son. The malice of another and older boy in putting snow down the boy's back, caused him to contract pneumonia.

Among those who have signed tomato contracts are: P. H. Teal, Ernest Crumpecker, W. D. Wofford, Mr. Thomas and others. A satisfactory site has been secured on the property of the Morehouse Stave Co. It is now an assured fact that Morehouse will have a canning factory for the coming season.

The Vanduser stars Monday night by a score of 49 to 10. Lawlis is star for Morehouse, scoring 16 points.

There has been a glorious shower of big baby boys during the past week. Those reported were born to Mr. and Mrs. A. Givens, Mr. and Mrs. Harve Richardson, Mr. and Mrs. Anderson Davis, Mr. and Mrs. Buck Heath and Mr. and Mrs. Mat Hunter.

An epidemic of influenza has passed over the community, claiming many victims. The baby of Mr. and Mrs. Harry Fox is critically ill. Mr. Malloy, a newcomer, farming just west of J. W. Ogle, is slowly recovering. W. L. Red, likewise, has been from a very severe attack, seriously ill. Mrs. Bryce Edwards has been confined to her bed for a week.

The vocational department of the high school will test corn and cotton seeds for farmers. A charge of 25 cents a test is made to cover expenses. Mail your samples to Prof. Bryce Edwards. Samples should be representative of the lot of seed.

Along some parts of Maracaibo Lake, Venezuela, the natives raise their huts on poles. They dare not build on the soft swampy banks, and this type of habitation permits them to attend to their fishing from the front door, while from the back they can keep a watchful eye on their small patches of cocoa on the mainland.

LOCAL AND PERSONAL FROM NEW MADRID

On last Thursday night, a debate between Canalou and Risco was held at the High School auditorium in New Madrid. Resolved: That the Philippines Should Have Immediate Independence. The affirmatives for the subject were Margaret Hunt and Cecil Stanfill of Risco, who were met with a come-back by Leraun Weeks and Catherine Baugh of Canalou. Risco won the decision, with Judges Miss Maude Herring, Sikeston; Supt. A. C. Moon, Malden and Supt. Ira Welch of Holcomb.

Capt. W. S. Korn, who visited homefolks in New Madrid, returned to Paragould last Sunday. Mr. and Mrs. Milton Mann are in St. Louis this week on business.

Mrs. Frank Wallace of Chicago arrived in New Madrid Tuesday on a visit to relatives.

Miss Annie Howard left Tuesday night for St. Louis in the interest of the Dawson-Howard millinery of this city.

Attys. M. G. Gresham and H. C. Blanton of Sikeston made a business trip to New Madrid on Tuesday.

B. F. Pikey of Lilbourn was a business visitor in New Madrid Monday.

Mr. and Mrs. Gordon Shy are the proud parents of a baby boy born to them on Friday, February 6.

Mr. and Mrs. Jimmie James, newlyweds, arrived Friday from Biloxi, Miss., on a visit to the latter's parents, Mr. and Mrs. W. R. Carigian of this city.

Mr. and Mrs. Chas. Grossman moved last Friday into the property of Mrs. L. A. Lewis on Powell Avenue.

Sheriff Wade Tucker and Geo. D. Steele left Sunday night with three prisoners for Jefferson City, Dan Hampton (col.), 99 years for murder; Tom Kelley, (col.), 5 years, grand larceny; Gus Frazier, 2 years for felonious assault and 2 years for rape. Arlie Evans, who was sentenced for 2 years on a charge of rape, is very ill with pneumonia, and could not be taken.

Mr. and Mrs. James H. Howard and the former's mother, Mrs. L. B. Howard, motored to Cairo Monday, returning Tuesday.

Mr. and Mrs. S. Manheimer spent Sunday with relatives in Parma.

Miss Margaret Hunter was a hostess for the Junior Bridge Club at her home on Powell Avenue last Saturday afternoon, honoring Mrs. Jimmie James, a recent bride. Mrs. Scott Julian played as substitute, with Miss Frances Richards carrying off the honors of the occasion, a fancy apron, and very graciously presented it to Mrs. James. Concluding the game, dainty refreshments were served.

Miss Eddy Loud entertained last Saturday night at her home on Waters street, complimentary to Mrs. Jimmie James, with a personal shower. The game of "Hearts", with three tables of guests was the principal feature of the evening's entertainment, with the Valentine suggestions being carried out in the decorations and favors, with a delightful menu of chicken sandwiches, fruit salad, coffee, pickles and candy. At the conclusion of a very enjoyable time, Mrs. B. M. Jones presented the bride with a valentine heart-shaped box, containing lovely gifts from her many girl friends.

Quite a number of our town ladies attended a Bridge luncheon given at the home of Mrs. C. W. Stevenson at Lilbourn, the hostess being assisted by Mesdames L. D. Marlowe, Amos Riley of that city, honoring Mrs. Allen Oliver of Cape Girardeau. A most delightful time was spent with Mrs. Harry Sharp winning first prize, a box of candy, Mrs. B. M. Jones making the second score and receiving a deck of cards. The guest's prize, a piece of lingerie, was presented the honoree, Mrs. Oliver. Those who attended from New Madrid were: Mesdames Fannie Fine, John E. Riley, H. C. Riley, Jr., W. T. Riley, C. C. Bock, A. B. Hunter, Jr., A. O. Cook, Wm. Mann, Jas. A. Finch, Jesse M. Miles, Scott Julian, H. G. Sharp, B. M. Jones and Miss Lillian Dawson; of Sikeston, Mesdames Bettie Matthews, R. F. Anderson, Ranney Applegate, W. H. Sikes and T. A. Wilson; Mrs. Fred Hetlage of Keweenaw.

STRAWBERRY ACREAGE IN OZARKS LARGE IN 1924

Strawberry growers of the Ozarks realized more than \$2,000,000 on 2522 acres of berries shipped from that region during the past year, according to tabulation made by the United States Department of Agriculture. The tabulation shows that there are 13,570 acres of strawberries in Arkansas and 9900 acres in Missouri. The 1924 season began May 19 and ended June 24. The report says prospects are good for an increased acreage in 1925.
